At Stroud's Barbeque, our meats are hickory smoked for 24 hours at low temperatures to ensure a moist, tender product with just the right amount of smoky richness. **ALL** the meat is smoked, stripped and shipped when it is ordered. This allows us to send you a product with the best quality and most freshness possible.

Stroud's Barbeque was started in Lebanon, TN in 1994. On our second day of business, a lady got barbeque in zip-lock bags to take back to her home town of Seattle, Washington. A tradition was born. Through the internet, our website and word of mouth, our customers and fan base grew and continues to increase. Today, our products go to areas all over the country for special occasions, gifts, meetings, or just because it's good... we are still amazed and grateful.
